V22N1

January 2024

Welcome to the V22N1 January 2024 issue of the **Awareness Watch™ Newsletter**. This newsletter is available as a complimentary subscription and will be issued monthly. Each newsletter will feature the following:

Awareness Watch™ Featured Report

Awareness Watch™ Spotters

Awareness Watch™ Book/Paper/Article Review

Subject Tracer™ Information Blogs

I am always open to feedback from readers so please feel free to email with all suggestions, reviews and new resources that you feel would be appropriate for inclusion in an upcoming issue of Awareness Watch™. This is an ongoing work of creativity and you will be observing constant changes, constant updates knowing that “change” is the only thing that will remain constant especially in today’s post COVID-19 New Economy and New Normal 2024 world!!

Awareness Watch™ Featured Report

This month’s featured report covers **Health PathFinders 2024** and is a comprehensive listing of competent Internet healthcare pathfinders resources and tools including the new economy and new normal internet directories, subject guides and index resources and sites on the Internet available for the 2024 year. The below list is taken partially from my 2023 Healthcare MiniGuide and is constantly updated with my Subject Tracer™ bots at the following URLs:

<http://www.HealthPathFinders.com/>

These resources and sources will help you to discover the many new pathways available through the Internet to find the latest new and existing world wide web and Internet competent health pathfinders research sources, tools and sites. As this site is constantly updated it would be to your benefit to bookmark and return to the above URLs frequently. The below resources and sources will be your health pathfinder to all the new and existing competent health research tools and resources on the Internet.

Awarenesswatch™ Paper Review

Have your cake and feed it forward too: YouTube, oral cravings and the persistent question of media addiction by *Steffen Krüger*

<https://firstmonday.org/ojs/index.php/fm/article/view/13346/11365>

Abstract:

Focusing on the case of recommendations on the video streaming platform YouTube, this article revisits questions of media addiction and addictive media that continue to trouble research in the field. Based on a close reading of Google/YouTube's engineering papers, this paper argues that the platform's recommender system — the machine learning system responsible for the personalisation and customisation of what videos users are offered — has been designed to function as a feeding tube and a precarious holding environment, thus corroborating widespread critiques about this system's addictive — oral — strategies of user retention. Subsequently, this article discusses how the

platform's more recent promise of "responsible recommendations" has so far been articulated in the engineering papers. Specifically, this promise has taken the form of a fetishist structure that endorses responsibility but not at the expense of the time users spend watching. This structure is best captured in the proverbial *Have your cake and eat it too*.
